

THE BAN ON BATTERY CAGES WILL ADD JUST A FEW CENTS A WEEK TO CONSUMERS' EXPENDITURE

EU FIGURES	
Extra cost of producing a barn egg rather than a battery egg	1,3 cents 
Extra cost of producing a free-range egg rather than a battery egg	2,6 cents 
Average per capita egg consumption in EU	220 eggs per year
So,	
Cost of changing from battery to barn eggs	5,5 cents per person per week 
Cost of changing from battery to free-range eggs	11 cents per person per week
