

Evaluation Sheet

CIWF Educational Videos and/or Teachers' Packs.

We should be most grateful if you could find the time to evaluate our resources. Comments from teachers, youth workers and other educationalists are most helpful when we come to update our resources or design new ones. Evaluations from school students are also much appreciated.

Please use page 1 to evaluate any video and page 2 to evaluate printed resources or teachers' packs. If you have time to evaluate more than one resource, please photocopy this sheet (and accept our particular thanks). If the space below isn't enough, please write on a separate sheet. You can also email your response to education@ciwf.org
