

Free educational downloads

and other educational resources

Downloading a film means you don't have to depend on your broadband connection for the film to work in class. It saves on storage space compared with DVDs.

All our resources including films can now be downloaded directly to your computer, network or other storage device.

YouTube links and DVD-ROMs are also available for those who want them.

Current Compassion films

[Farm Animals & Us](#) (details and YouTube link [here](#)).

[Farm Animals & Us 2](#) (details and YouTube link [here](#))

[Animal Welfare Aspects of Good Agricultural Production – pig production](#) (details of the film including Vimeo link [here](#))

[What is Animal Welfare?](#) (Vimeo link [here](#))

[Time To Decide](#) – (campaign film to *End the Cage Age*, YouTube link [here](#)).

[A life worth living](#) (YouTube link [here](#))

Films from the Association for the Study of Animal Behaviour (ASAB)

[Stimulus Response](#) (details of the film including Vimeo link [here](#))

[Let's Ask the Animals](#) (details of the film including Vimeo link [here](#))

To download films:

1. Click on the relevant title below which will take you to the film in our download site
2. Scroll down and click on the box marked **Download original**
3. If prompted, choose the *Save* or *Save As* option to save to your network, computer, USB stick or other storage device
4. You can then retrieve the file any time you wish to view it
5. We recommend you allow enough time for downloading. Once downloaded, files can be readily copied onto other computers or storage devices.

PowerPoint presentation together with short film clips

[*Animal Welfare Aspects of Good Agricultural Production – pig production*](#) (details of the PowerPoint presentation [here](#)). This version is a pptx file with videos embedded. It should work on PowerPoint 2010 and later.

If you want a version (ppt file) that works on earlier versions of PowerPoint without the videos, you can download that [here](#).

If you want to be able to load the ppt file and the video clips, they are available [here](#). After downloading all the files as a zip file you will need to “Extract the files” before the video clips will work in the PowerPoint file.

Archive films (details of all archive resources [here](#))

[*Eat Less Meat*](#) (Vimeo link [here](#))

[*Genetic Engineering & Farm Animals*](#)

[*WTO – Wrecking Animal Protection*](#) (Vimeo link [here](#))

Archive worksheets

[*Genetic Engineering & Farm Animals*](#)

Film download site

The links above give the simplest way in to download particular films. To see the full collection of our education films, please go to our [*film download site*](#). This includes films in a wider range of formats, but requires slightly more IT confidence.

Speaker service

Details of our speaker service for schools, colleges and universities in the UK can be obtained [here](#).

DVDs and DVD-ROMs

Farm Animals & Us compilation DVD-ROM. Includes all the Compassion films above as well as the educational resources. More details [here](#).

Files from the above DVD-ROM can be readily copied onto networks, computers or other storage devices to share amongst teachers. Please note the above films work on computers but not on DVD-players.

Animal Welfare Aspects of Good Agricultural Practice – pig production DVD-ROM. Includes the film, book, PowerPoint presentation and lecturers’ notes. More details [here](#).

Stimulus Response DVD by the Association for the Study of Animal Behaviour. More details [here](#).

Let’s Ask the Animals DVD by the Association for the Study of Animal Behaviour. More details [here](#).

Hard copies of all education resources can be ordered [online](#) or by [post](#).
