

Draw the Future – Submission Form

The background

In early 2017 there will be a critical vote in the European Parliament that could be the first step towards much needed legislation to End the Cage Age for rabbits farmed for meat in Europe. **Ahead of this vote we want all 751 MEPs to receive a personalised drawing showing how Europe's children believe rabbits OUGHT to live.**

What to draw

Please ask children you know to draw a picture of a rabbit (or rabbits!) living a higher-welfare life. These rabbits could be free-ranging, burrow-digging, carrot-munching, grass-chomping, hop-skip-and-jumping... wherever your young artist's imagination takes them!

Please ensure the **child's first name, age, and country** appear on the drawing. Please **do not** include any other personal details, or we will unfortunately be unable to use the drawing.

How to submit a drawing

Please complete one copy of this form for each drawing and send to us by 6 February 2017 at the latest. We are sorry but we will not be able use drawings received without a completed form. We are also unable to return any drawings.

1) Complete the details below

2) Attach this form to the drawing

3) Send the drawing(s) and form(s) to:

- o From the UK (freepost): FREEPOST RRHA-TTHH-KZTY, Compassion in World Farming, Godalming, GU7 1EZ
